Hi Ben,

Please calculate capacity for the newly modified ELDS site.

Ex. 5 - Deliberative Process

Please provide the following information:

Ex. 5 - Deliberative Process

Attached are the following documents:

Coordinates for the final modified ELDS (coordinates included)

NLDS (plus NL-W) volume calculation - ELDS sites (NLDS and NLWa and NLWb) Volume calculation-water volume calculations to 18m

Modified ELDS - exclude the white areas as they represent bedrock. The blue outline I drew on an image.

- New boundary will exclude bedrock area and include NLWB and some of NLWa.

I am available later today if you have questions. Off to a meeting now.

Thanks so much, jeannie
